EDUCATION

Higher Secondary Certificate (HSC) – Science

78.50% | 2020 – 2022

Secondary School Certificate (SSC)

85.20% | 2020

TECHNICAL SKILLS

AI & MACHINE LEARNING

AI Data Annotation
AI Model Evaluation
AI Evaluation & RLHF
Human Feedback / Human-in-the-Loop Evaluation
AI Training Data
Grounding Annotation
Reference-Expression Annotation
Content Quality Assessment
Data Quality Assurance
AI Speech & Voice Training
Research & Academic Writing
PROGRAMMING & TECHNICAL

Python (Scripting & Libraries)
HTML / CSS / JavaScript
Version Control (Git)

PROFESSIONAL SKILLS

Attention to Detail
Analytical Thinking
Problem Solving
Written Communication
Adaptability
Time Management

LANGUAGES

English (Advanced)
Hindi (Advanced)
Marathi (Advanced)

CERTIFICATIONS

IELTS Academic

Overall Band: 7.5 | CEFR: C1
Listening 7.5 | Reading 8.0
Writing 6.5 | Speaking 7.0
Sep 2025 | IDP

PROFESSIONAL PROFILE

Hands-on AI Data Annotation and Evaluation Contractor currently engaged at Innodata India Pvt. Ltd., with prior experience at Outlier AI. Specialises in data annotation, grounding and reference-expression annotation, AI model output evaluation, structured human feedback, and content quality assurance across diverse AI training pipelines. Brings rigorous guideline adherence, a strong AI research background, and IELTS Academic Band 7.5 (C1) English proficiency; additionally multilingual in Hindi and Marathi.

EXPERIENCE

AI Data Annotation & Evaluation Contractor

Innodata India Pvt. Ltd. | August 2026 – Present

- Perform data annotation, content moderation, and evaluation activities for AI and machine-learning training projects.
- Execute advanced grounding and reference-expression annotation tasks, including dense-structured grounding, CUA-general grounding, and high-resolution reference-expression tasks.
- Evaluate AI-generated outputs for accuracy, contextual relevance, consistency, and overall quality.
- Apply detailed project-specific annotation and evaluation guidelines to produce high-quality training data.
- Perform linguistic and semantic review as part of broader AI data quality and model evaluation workflows.
- Maintain annotation quality standards, assigned AHT, project benchmarks, and delivery timelines.
- Follow structured task-management and quality-control processes for AI training projects.
- Track task activity and submit required reports through project management and time-tracking systems.

AI Training & Data Annotation Contributor

Outlier AI | 2026 – July 2026

- Contributed to AI training and model evaluation projects through structured human feedback.
- Evaluated AI-generated outputs according to detailed project-specific quality criteria.
- Performed image annotation and data labeling for AI training datasets.
- Conducted content quality assessment and adhered to strict annotation guidelines.
- Participated in speech and voice data collection as one component of broader AI training work.
- Recorded spoken prompts in English, Hindi, and Marathi as part of multilingual data collection.

AI & CYBERSECURITY RESEARCH

- Fake News Detection Using Machine Learning Techniques
- Enhancing Cybersecurity with Machine Learning-Based Threat Detection
- AI in Healthcare Diagnostics: Beyond Human Accuracy
- AI in Climate Change Prediction and Environmental Sustainability
- The Evolution of Generative AI Models: From Text to General Intelligence

ADDITIONAL EXPERIENCE

Logo & Digital Design Creator

Freelance | 2022 – 2023

- Designed professional logos and brand identities for local businesses using Canva and Photoshop.

Digital Marketing Specialist

Freelance | 2022 – 2023

- Managed social media content and campaigns for small businesses; used analytics to optimise performance.

Web Application Developer

Self-Initiated Projects | 2022 – 2024

- Built interactive web applications using HTML, CSS, JavaScript, and API integrations; deployed projects online.
